Texas Pneumatic Systems Inc. receives gold Boeing Performance Excellence Award

Arlington, Texas, January 27, 2010 – Texas Pneumatic Systems, Inc. today announced that it has received a 2009 Boeing Performance Excellence Award. The Boeing Company issues the award annually to recognize suppliers who have achieved superior performance. Texas Pneumatic Systems, Inc. maintained a Gold composite performance rating for each month of the 12-month performance period, from Oct. 1, 2008, to Sept. 30, 2009.

This year, Boeing recognized 486 suppliers who achieved either a Gold or Silver level Boeing Performance Excellence Award. Texas Pneumatic Systems, Inc. is one of only 128 suppliers to receive the Gold level of recognition.

Bernie Rookey, Company President stated, “Texas Pneumatic Systems, Inc. (TPS) is pleased to be awarded the gold Boeing Performance Excellence Award for the second year in a row. The TPS team is focused on meeting customer requirements and providing best-in-class performance. It is nice to be recognized for the team effort.”

Texas Pneumatic Systems (TPS) was incorporated in 1994 as an FAA Repair Station specializing in the repair/overhaul of pneumatic components for the military and commercial airline industry worldwide. TPS has complete high flow, high heat pneumatic capabilities including all starters, air cycle machines, PDU’s, cooling turbines and valves for all our airline accounts.
